

UPTIME IS MORGAN TIME, EVERY TIME

- Bronze Slip Rings and Steel Slip Rings
- Simple replacement for Form, Fit, and Function
- Tested and validated in the laboratory and in the field
- Extended brush life and reduced downtime
- Specialized paint (coatings) which reduce brush dust sticking

Morgan Coolest BlueTM

- Wrap over studs - Traps **HEAT** & Dust
- Studs in Pairs - Localized **HEATING**
- Small Stud Diameters - **HIGHER RESISTANCE & TEMPERATURE**
- Aggressive Spiral Groove - Less Surface Area (**HIGHER BRUSH TEMPERATURES FOR SAME CURRENT**)
- Open Design - **COOLER** & Cleaner
- Studs Opposite - **COOLER** uniform ring temperatures
- Large Studs - **LOWER RESISTANCE & TEMPERATURES**
- Optimized Spiral Groove for **COOLER** running of the New Larger Brushes
- 0.5 mm Larger OD from Factory - More Mass for **HEAT DISSIPATION**, longer slip ring life.
- Wider Rings with cooling holes for best **HEAT DISSIPATION**
